

SEACAMS2 Stakeholder Meeting Agenda

29th January 2019

Mercure Cardiff Holland House Hotel

12:00 -13:00 Staffed project displays 1: informal discussions

Working lunch provided during this time

Themes for manned project displays:

- *Oceanography: observations and modelling*
- *Seabed morphology: multibeam mapping*
- *Product development and survey method/tool development*
- *Data storing, accessing, processing [iMardis]*
- *Materials, biofouling and ecological development*
- *Biosciences and consenting risks; seabirds; cetaceans; seals, fisheries, genetic survey tools.*
- *Marine ecosystem products & services*

13:00 - 13:05 Introductions, housekeeping, purpose of the day.

Structure of workshop:

- *Initial presentations to inform attendees about our capabilities and current projects.*
- *Workshop / breakout sessions to develop views on priorities for the last 18 months.*
- *Opportunities for individual companies to discuss possible projects with SEACAMS lead staff (via staffed project displays).*

13:05 -13:15 SEACAMS2 Capabilities and capacities - Prof. Colin Jago

13:15 -13:50 Examples of current projects: (20 minutes each)

Swansea - Dr David Clarke

Bangor- Prof. Colin Jago

13:50 -14:00 Industry Overview – David Jones MEW

14:00 – 14:45 Breakout session 1.

14:45 - 15:30 Breakout session 2.

In each breakout session, attendees join 1 of 3 groups. Each attendee joins another group at the end of session 1 so everyone contributes to 2 groups. Each group has a SEACAMS organiser who covers both sessions and provides one set of feedback.

Group 1. Key research priorities for the sector? (Strategic view. Identify key areas of work)

Group 2. Oceanography, engineering, data and modelling gaps? [wave data and models, tidal modelling, bathymetry, impact of structures on seabed; opportunities to help with product design]

Group 3. Biological/consenting knowledge gaps? [seabirds, cetaceans, seals, fish; benthos : distribution; turbine interaction].

15:30 – 16:00 Tea and Coffee; staffed project displays 2: informal discussions

16:00 -17:00 Group feedback and plenary discussion. Group leads give feedback ; QA.

17:00 – 17:10 Close - Prof. Colin Jago

17.10 – end. Staffed project displays 3: informal discussions

Informal drinks reception and networking opportunities
